Vadivel with 7-Eleven Malaysia and NGO Hub volunteers at the charity home's makeover project. As part of its corporate social responsibility programme, 7-Eleven Malaysia, together with NGO Hub volunteers, worked hard to paint the external walls of the home and create a nature-themed mural on a section of the home's structure to further lift the spirits of the residents. Also known as Grace Home, the charity is home to homeless and destitute women since 1980.
