A helping hand

7-ELEVEN Malaysia joined hands with NGOHub Asia during International Creativity Month, conducting an art and craft activity for children of Pusat Jagaan Asnaf Barakh, Ampang, Selangor. Representatives from both organisations guided the young 'uns in making wind chimes from paper cups, string and beads.

After the creative activity, the kids were each handed goodie bags

containing snacks and beverages from 7-Eleven, while their home received daily provisions.

Pusat Jagaan Asnaf Barakh, also known as Rumah Amal Asnaf Barakh, was founded by Haji Yusof Noor. It houses 54 children from low-income families and is in need of financial aid and daily necessities. Visit the home's Facebook page for more information and contact details.
